EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
Bachelor of Technology	Indian Institute of Technology, Ropar	6.80 (Till 4th Sem)	2021-2025
Senior Secondary	Board of Secondary Education, Rajasthan	99.4%	2021
Secondary	Board of Secondary Education, Rajasthan	92.17%	2019

EXPERIENCE

- Betawill** Dec 2022 - Present
Frontend Developer Visit
 - Developed and maintained engaging frontend interfaces for **video lecture uploading and streaming**, **online test series**, and **student record management** at **Betawill**.
 - Collaborated with a cross-functional team to integrate and implement frontend components using **React**, **HTML**, and **CSS**, ensuring a seamless user experience.
 - Conducted **testing** and **debugging** to optimize performance and ensure responsive web pages. Implemented intuitive interfaces, enhancing engagement and simplifying workflows.

PROJECTS

- RISC-V Simulator** Jan 2023 - May 2023
Prof. Neeraj Goel Github
 - Developed a 32-bit RISC-V simulator in C++, capable of executing machine code in both single-cycle and pipeline modes.
 - Simulated memory hierarchy, caches with different policies, and branch predictors to analyze performance metrics such as CPI (Cycles Per Instruction), miss rate, and hit rate.
 - Implemented various features including state calculation, memory hierarchy management, and branch prediction to accurately simulate RISC-V architecture.
- Data Encryption** August 2022 - Nov 2022
Anil Shukla Sir Github
 - Implemented keyless encryption in C, ensuring secure data protection without traditional encryption keys. Employed an algorithmic approach for robust encryption and decryption.
 - Utilized advanced encryption techniques, including keyless encryption, to bolster data security and deter unauthorized decoding attempts.
 - Implemented a two-layer security mechanism leveraging data structures, further fortifying the overall security of the system.
- Metamask** Mar 2023 - Apr 2023
A web3 site developed in a group project that connects wallets and allows sending Metamask test ethers. Visit Site
 - Developed the user interface using **React.js**, **Particle.js**, and **CSS** to create dynamic designs and enhance user engagement.
 - Integrated **Web3.js** to enable the transfer of ethers, providing users with the ability to send Metamask test ethers with variable speed and gas price options.
 - Collaborated with the team to ensure seamless integration of frontend components, delivering a user-friendly and visually appealing web3 application.

TECHNICAL SKILLS

- Competitive Programming:** Specialist on Codeforces with handle **bhuria_mohit**.
- Programming Languages:** C/C++, Python, JavaScript, RISC-V ISA Assembly Language.
- Web Development:** HTML, CSS, Bootstrap, React.js, Node.js.

KEY COURSES TAKEN

- CSE:** Algorithm & Data Structure, Computer Architecture, Programming Paradigms, Digital Logic Design, Basic Programming and computing
- Mathematics:** Linear Algebra, Probability and Statistics, Discrete Mathematics, Calculus, Differential Equations

POSITIONS OF RESPONSIBILITY

- Blockchain Coordinator**, Softcom Club, IIT Ropar Apr. 2022 - Apr. 2023

MISCELLANEOUS

- Mathematics Olympiad**, Appeared in Regional Mathematics Olympiad(RMO) 2021
- UPSC-NDA**, Qualified for SSB Interview 2021
- JEE**, Ranked in top 1% in Mains and Advanced 2021
- HummingBird Olympiad**, Gold Medalist in HummingBird Science Olympiad at school level.
